### U. S. FURNISHES FREE MOVING PICTURE SHOWS

Government Contracts For Films For Entertainment of Workers in West

Washington, June 7.—Through the award of contracts for several thousand feet of motion picture films it became known today that the United States Government is engaged in the moving picture business on a big scale. The enterprise is being carried on by the Reclamation Service in its camp in the West, a number of which have been established owing to the prosecution of great irrigation projects and other engineering work. The "movies" furnish their part in the general scheme to keep the workmen and their families, isolated from the world, contented and happy.

The Home Paper

It wants you on its reading list, recorded on its books, and then you'll get it every day and know just how it looks.

It will tell you all about the news, in this and nearby towns, who gets married, dies, is born and who elopes or drowns.

There isn't a thing that tends to help the town that the paper doesn't catch it up and quickly pass it round.

It tells about your visitors, with titles emphasized, while all their points of merit are freely generalized.

It tells the story of success, but screens the failure side, and when the facts will make a mess it simply lets them slide.

It tells about your virtues and overlooks your sins, and puts an extra emphasis upon the birth of twins.

It never deigns to tell a lie except in personal praise, and then it does it clear and strong, and with its choicest phrase.

In writing up your marriage, it elaborates with care, and says the bride is beautiful and the groom was on the square.

It doesn't matter who it is that crosses Jordan's river, the paper tickets him as saint, and safely sends him thither.

It tells about that darling boy who had a dollar raise, leaves out his measly little tricks and just recites his praise.

We will give away ten one dollar bills at the Idle Hour next week to some one who has their name in the papers. The names will be placed anywhere in the paper, scattered all through it and all you have to do to get the dollar is to bring the issue containing your name to the Idle Hour and if your name is the one called out, you get the dollar. Don't forget we are showing the new Mutual service that money can buy. Come to the show every night and see a good, high class show. #### The Gentle Cynic

The more a man gets left the more he talks about his rights.

Hard words becomes harder still when you have to take them back.

Even the weight of his own dignity will sometimes carry a man under.

No woman is so economical as to want to make her wedding dress do twice.

The average married man often wonders how his wife can have so much faith in him.

Some men are born great, some achieve greatness, and others thrust themselves upon it.

The self-made man always seems to have paid particular attention to his vocal organs.

In some of those Latin-American republics it seems easier to be President than to be right.

There may be nothing new under the sun, but any tradesman can offer you something just as good.

Don't trust the man who boasts that he is honest as the day is long. So is the burglar. He only works at night.

#### For Faithful Services

Lawson Miles received Friday evening by mail from Frankfort a very handsome bronze medal for nine years faithful service in the Kentucky State Guard. Mr. Miles has been a member of the Earlington Company ever since its organization and is now first sergeant, the highest office he can get in the Company as an enlisted man. His record has been second to none and if we had a full Company of men such as he, we would capture all the medals and flags offered for efficiency and drill.

#### Looks Like No Crop

It begins to look like there will be no tobacco crop raised in Henderson county this year. Plant beds have been destroyed, barns burned and various other depredations committed, and now anonymous letters are being sent broadcast over the county. One of the latest of these is worded as follows:

"You are notified not to put out any more tobacco. What you have out make away with it, or we will make you eat it, roots and all, and if you make any attempt to put out any more we will clean you up. Take us at our word, or take worse. We do just what we say we will, get you all sooner or later."

### UNITED MINE WORKERS CHARGED WITH CONSPIRACY

Nineteen Leaders Indicted On Claim They Banded Together To Control Wages Paid To Coal Laborers

WANTED MEN IN UNION FOR ILL PURPOSES

Charleston, W. Va., June 7.—President John H. White and eighteen other officials of the United Mine Workers of America were indicted in the Federal Court here today on a charge of violating the Sherman anti-trust law.

It is alleged the defendants conspired with the coal operators of Pennsylvania, Ohio and Illinois to raise wages in the West Virginia coal field so as to prevent its competition with the other States in the western market.

Those indicted besides White are; E. Hayse, vice president; Thomas Haggerty, Joseph Vesey, James Cantrell, Charles Hatley, Marco Roman, George Edmunds and Benjamin F. Morris, organizer of the United Mine Workers of America; Thomas Cairns, president; Clarence C. Griffith, vice president; James M. Crago, secretary of district No. 17, United Mine Workers of America, and James Diana, John Nutter, Rome Mitchell, W. S. Reece, F. D. Stanley, U. S. Centley and A. D. Lavender, officers of district No. 17.

The indictment charged that the nineteen men affiliated with the United Mine Workers of America did engage in a combination and conspiracy in restraint of trade and commerce in the several States. The offense is said to have started September 1, 1912 and to have continued since.

It is charged that the men have been agents and members of "an uncooperative voluntary organization of individuals of a labor union known as the United Mine Workers of America, having many members who unlawfully combined and conspired together with the object and intent of unionizing and making members of said organization the laborers employer in and around the coal mines of the State of West Virginia in order that with the intent of said organization by regulating the wage to be paid to said laborers for their work could and would check and control the price at which the coal mined in State of West Virginia could compete with the coal mined in the States of Ohio, Indiana and Illinois in the markets of the States of the United States outside of West Virginia."

It is in the indictment that there has been opposition between the operators of West Virginia and the operators of Pennsylvania, Ohio, Indiana and Illinois for the market in Canada and the great lake trade. It is charged that the mines in the competitive States are unionized and the coal operators of Pennsylvania, Ohio, Indiana and Illinois, have entered into a combination and conspiracy with the miners' union wherein the alleged conspirators have agreed to prevent the coal from West Virginia entering the market in the lake region and Canada.

**SNOW LINIMENT**  
It neutralizes poisons, subdues inflammation, relaxes contracted muscles and restores healthy conditions. For healing cuts, wounds, burns or scalds, there is nothing like it in the whole list of curative agents. It cures by a mild power that is more effective than the strong, harsh liniments. When rubbed in for rheumatic pains, neuralgia or sciatica, its wonderful penetrating and relieving influence is very gratifying. It is an all-around household liniment that is useful in a thousand ways and its application is always followed by beneficial results.  
Price 25c, 50c and \$1.00.

**Pleasure and Protection**  
"One of the best reasons why I would not be without telephone service," writes a Georgia farmer, "is the pleasure it gives my wife and the knowledge that while I am away, she has the protection that the telephone gives."  
On the farm the telephone dispels loneliness and is the means of bringing help in any emergency that may arise.  
If you haven't a telephone on your farm see the nearest Bell Telephone Manager or write for our free booklet and learn how little this service costs.
